HISTOGRAM: December: 20.8, 4.0, 19.4%

This girl is everything we hoped for. We showed her in Spring 2018 at two shows. At only 7 months of age, she took a first and a second in very competitive classes! Her first year in EPD's she is already ranking high in many categories.

Empress is full sister to Arriba Emerence and Arriba Enrique. Both award winning white alpacas. An exceptional compilation of genetics here!

Her dam Ember has become one of the top producers on our farm. A 2x Supreme Champion and ranked Top 1% in EPD's! During her show career Judges were always impressed with Ember's fineness, density, character, and just how far down (right to the belly) she maintains that character. On Ember's sire's side you've got CPeruvian Accoyo Arctic and CPeruvian Ultima. On Ember's dam side, the bloodlines consists of Viracocha, Coyo Destini and Jolimont Peruvian T'ika (dam of Kelowna's Sundance).

Her sire Antero is our top white producer. During his show career he won many awards including Champion White Male at the largest show in Canada and Best Crimp at the Western New York Fleece Show.

Antero's dam is Anntoinette. A 4x Dam's Progeny Winner, ranked in the Top 1% of EPD's and she has been the basis of our award winning breeding program for many years. On Antero's sire's side you have Hemingway and Cherokee.

Take your white breeding program to the next level with Empress!
