Billy like her sire and dam is a true black, love this girl's overall structure, look at the bone size and straight top line, she has black gums and a perfect bite. Billy's fleece just keeps getting better, she has above average density, brightness and a soft silky handle, when you look at her fleece picture you can see what I'm talking about.

Her sire Averegan's Aftershock is top quality and it is shining through in his cria!

Her dam Red Granite's Booty has the finest fleece of all our blacks.

We were not ready to part with her but when the Lottery Committee was looking for a quality black we knew we had the girl.
