AOA: 32832525
SIRE: AZTEC SHAKA
DAM: SPRUCE PARK GENESIS' GENEVA
HISTOGRAM: AFD 16.4, SD 3.8, CV 23.2, >30 1.1

When combining champion genetics like these, that due date just could not arrive soon enough! When Genetta finally did arrive, she did not fail to meet our expectations & continues to get better and better. Along, with all the much strived for fleece qualities, Genetta's confirmation is excellent and is very appealing to the eye.

Spruce Park Genesis' Geneva, Genetta dam, is an amazing female – she has won multiple championships – last year Geneva sheared 10lbs total weight and her histogram was 19.7 at 4 yrs of age. Aztec Shaka, Genetta's sire, is a one of a kind male – Shaka's offspring have won multiple supremes – his crias get better and better the older they become. The density and fleece length that Shaka puts on his offspring is amazing. Genetta is no exception!

Last year, at the age of 9, Shaka sheared a total of 10.4 lbs at a 21 micron. We just love this male and all he is doing for our breeding program.

Don't miss out on the opportunity of owning this amazing female – Genetta is sure to be a keeper. Please visit www.tigerlilyranch.ca for more information on Genetta.
