One of our best combinations has been Beyoncé and Archer, and this little female is the best of all of them. Beyoncé was a show champion because of her elite fleece characteristics. Archer had the same fine fleece with a high frequency crimp that was very consistent across the blanket and into his extremities. The combination of these two is powerful, proving time and again that it was always a good move. TnC Macklemore Money and TnC Rhianna, her full siblings did very well in the show ring and have gone on to be productive as breeders. TnC Shakira is better than both of them. She has excellent proportions and balance, her fibre coverage and curly locks on her face combine to make her a very showy alpaca with a ton of style. The crimp definition throughout the staple combined with uniformity of fineness, high density and exceptional brightness move TnC Shakira into the elite fleece category. Take your breeding program to the next level. The opportunity is here. Go to [www.alpacafarm.ca](http://www.alpacafarm.ca) for more info.
