Enchanted's Cordelia is a striking young female.

Strong frame, correct bite, good organization, and brightness for days. We can also boast that this girl has a heavy fleece for her frame and is displaying similar density that her father Enchanted's Castiel showed at his age.

She has a powerhouse of packed genetics on both sides including Hemingway, S. Accoyo Artic Ice, Sweet William, Guellermo to name a few.

This is a rare opportunity and the first time we have put a Castiel daughter up for sale. She is one of our very best 2021 cria.
